Subject: NOP Extension of Comment Period on SCH # 2020049059
Date: Tuesday, May 19, 2020 9:40:07 AM

Good Morning,
Midpeninsula Regional Open Space District will be extending the comment period for the NOP on SCH # 2020049059. I am looking for guidance on how to update the State Clearing House Database as such.

https://ceqanet.opr.ca.gov/2020049059/2

Below is our email blast to interested parties to inform them of the extension (plus we will be posting on the web).

_____

On April 27, 2020, Midpeninsula Regional Open Space District (Midpen) released a Notice of Preparation (NOP) for the proposed Wildland Fire Resiliency Program, starting a 30-day comment period (SCH 2020049059) that was scheduled from April 27 through May 28, 2020. Per the NOP, written comments could be submitted via email or postal mail to Midpen. Staff also developed an online comment form as an additional method for comment.

On May 11, 2020, staff learned that one of two links to the comment form did not work. During the May 13th Scoping meeting with Midpen's Board of Directors, a request for a time extension was also expressed. Midpen is therefore extending the comment period to Thursday June 18, 2020 at 5:00 pm.

Please send all comments to:

Midpeninsula Regional Open Space District

Attn: Coty Sifuentes-Winter, Senior Resource Management Specialist

330 Distel Circle Los Altos, CA 94022

(650) 691-1200

Email: csifuentes@openspace.org

Written comments provided by email should include "Wildland Fire Resiliency Program NOP Scoping Comment" in the subject line, and the name and physical address of the commenter in the body of the email. All comments on environmental issues received during the public comment period will be considered and addressed in the Draft Program EIR, which is anticipated to be available for public review in summer 2020.
