Meeting Minutes

Meeting: San Jacinto River - Stage III Advisory Committee Meeting No.1

Date: April 6, 2016

Place: RCFC&WCD

Attendees: See attached Sign-In Sheet

1. Introductory Comments – Supervisor Ashley discussed his long association with this River Project. He expressed his desire to come out of this committee with a viable River Plan that can be implemented.

2. Introductions – The various attendees introduced themselves.

3. Review of Advisory Committee Purpose and Objectives – Dusty Williams shared his history on the River Project. He outlined that the purpose of the Advisory Committee is to help develop a detailed project description for managing the Lower San Jacinto River floodplain. He also stated that he would be available in an advisory capacity after he retires and directed Jason Uhley to head the committee in his place.

4. Lower San Jacinto River Floodplain Management Historical Overview – Scott Hildebrandt provided the group of the forty plus year history of the Lower San Jacinto River Project. Highlights included the 1970s Master Planning efforts by the District, the development of an Assessment District and Preliminary design of a Flood Control Project by the District in the late 80's early 90's. The environmental permitting issues and MSHCP Implications in the late 90's early 2000's. The San Jacinto River Committee and Alternatives Analysis of the mid-2000s. And finally the recent floodplain remapping of the San Jacinto River.

5. Discussion of Objectives Survey – Scott Hildebrandt reviewed with the Committee what the various objectives entailed. Additional discussion was held for each objective and input from the various committee members was shared. The District and WEBB will review rainfall data and Mystic Lake Storage and report back to the Committee.

6. Review of Meeting Schedule – Jason Uhley went over the general schedule and objectives for future Advisory Committee Meetings.

7. Adjournment- The District would coordinate with the Committee on the next meeting date (May 31, 2016).
