**SUMMARY PROJECT DESCRIPTION:** The applicant requests approval of a General Plan Amendment and Rezone to redesignate approximately 10 acres from Business Professional (BP) to Community Commercial (CC), and a Development Agreement Amendment to reflect the land use changes. A Major Project Permit (MPP) Stage 1 Modification is requested to change the HPCO Master Plan to reflect the proposed land use changes and approve a master site plan for the Campus Oaks Commercial Center. An MPP Stage 2 is requested for the proposed detailed site planning for the development of 240,000 square feet of commercial building area with 16 total buildings, and to approve detailed elevations for nine of those buildings. A Tentative Subdivision Map is requested to divide the site into 15 lots. The project site has already been mass-graded and surrounding roadways have been completed, consistent with previous approved projects in the area.

**DETERMINATIONS FOR ENVIRONMENTAL IMPACT REPORT**

This notice is to advise interested parties that the City of Roseville (Lead Agency) has approved and made the following determinations regarding the above-described project:

- No substantial evidence exists that the project will result in new or more severe significant effects on the environment.
- An *Environmental Impact Report* was prepared and certified by the City of Roseville pursuant to the provisions of CEQA, and an Addendum to this EIR was prepared and considered pursuant to the provisions of CEQA.
- No new mitigation measures were made a Condition of Approval of this project. The Mitigation Monitoring Program adopted as part of the EIR to which this project Addendum is attached remains applicable to this project.
- Findings and a Statement of Overriding Considerations were previously made pursuant to the provisions of CEQA.
- The Lead Agency has complied with Subdivision (d) of Section 21080.3.1 and the California Native American Tribes contacted failed to request consultation within 30 days.

The environmental documentation and record of project approval may be examined at the City of Roseville, Office of the City Clerk, 311 Vernon Street, Roseville, CA 95678; Monday–Friday, 8 a.m. to 5 p.m. (916-774-5263).

## EXHIBIT "A"

### Project Location

The Proposed Project is located within the North Roseville Industrial Area in the northwest portion of the City of Roseville, in Placer County, California (see Figure 1-1). The Hewlett-Packard Master project area (project area) consists of approximately 500.2 acres located at 8000 Foothills Boulevard, at the southwest corner of Foothills Boulevard and Blue Oaks Boulevard.

The Proposed Project is generally situated six miles west of Interstate 80 (I-80). State Highway 65 (SR 65) provides access from the northwest and intersects I-80 in Roseville. The Proposed Project is approximately one mile west of the Blue Oaks Boulevard interchange on SR 65.

### Project Description

The Proposed Project is a Master Plan for the comprehensive planning of the 500-acre Hewlett-Packard site in Roseville (see Figure 1-2). The proposed Master Plan is intended to address all aspects of the site by establishing master site, grading, drainage and utility plans, adopting development standards and design guidelines, and establishing an approval process that would enable the orderly development of the remainder of the site. In addition, the Master Plan is requesting approval to increase current entitlements for building square footage and total number of employees to approximately 4.25 million square feet and approximately 13,180 employees. Of this, 370,000 square feet would be new development on the existing two hundred acres, while 2,303,000 square feet would be new development on the remaining 254 acres (not including the 45.9 acres of open space). Of this, 28.5 acres would be designated General Commercial. It is anticipated that 70 percent of the site would be developed by 2010. Total buildout of the Proposed Project is anticipated to occur incrementally over a 20-to-25 year time-frame.
