 Air Quality Forest Land/Fire Hazard Septic Systems Water Supply/Groundwater
 Archeological/Historical Geologic/Seismic Sewer Capacity Wetland/Riparian
 Biological Resources Minerals Soil Erosion/Compaction/Grading Growth Inducement
 Coastal Zone Noise Solid Waste Land Use
 Drainage/Absorption Population/Housing Balance Toxic/Hazardous Cumulative Effects
 Economic/Jobs Public Services/Facilities Traffic/Circulation Other: GHG

Present Land Use/Zoning/General Plan Designation:

DC - Downtown Commercial/Downtown

Project Description: *(please use a separate page if necessary)*

The 0.20-acre project site is currently developed with a private surface parking lot. The project proposes to develop an approximately 272-room hotel. The 19-story building would reach a maximum height of 225 feet. A restaurant and bar are proposed on both the ground floor and the 19th floor. The hotel building would have one basement level for utilities and maintenance related services. No parking is currently proposed on-site. The project would provide parking for hotel patrons at an off-site City garage via a valet service and a parking agreement with the City of San Jose of up to approximately 30 years. The project would have a total of five valet parking (two on Almaden Blvd and three on Santa Clara Street).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
