Project Title: Monterey Peninsula Water Supply Project

STATE CLEARINGHOUSE

Project Applicant: California American Water

Project Location (include county): Castroville, Marina, Sand City, Seaside, Monterey (Monterey County)

**Project Description:**

The MPWSP is a desalination water supply project that would include a source water intake system consisting of seven subsurface slant wells located at the CEMEX property in Marina and extending offshore into the submerged lands of Monterey Bay National Marine Sanctuary; a 6.4 million gallon per day (mgd) desalination plant located on Charles Benson Rd. in unincorporated Monterey County; water conveyance pipelines and storage facilities; and improvements to the existing Seaside Groundwater Basin Aquifer Storage and Recovery facilities. The project area extends approximately 18 miles, from the town of Castroville in the north to the city of Carmel in the south.

This is to advise that the California Public Utilities Commission has approved the above  
( Lead Agency or  Responsible Agency)

described project on September 13, 2018 and has made the following determinations regarding the above  
(date)  
described project.

1. The project [ will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ were  were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [ was  was not] adopted for this project.
5. A statement of Overriding Considerations [ was  was not] adopted for this project.
6. Findings [ were  were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
