SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2008032115

Project Title: Baseline P&R Phase I (Streambed Alteration Agreement No. 1600-2018-0022-R2)

Project Location (include county): The project is located within Curry Creek and its associated wetland habitat; north of Baseline Road, west of Fiddymont Road, within the City of Roseville, County of Placer, State of California; Latitude 38.754459°, Longitude -121.3667838°.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed an amendment to Streambed Alteration Agreement number 1600-2018-0022-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Baseline P&R, LLC, as represented by Ron Bertolina.

Streambed Alteration Agreement No. 1600-2018-0022-R2 covers ten sub-projects, each of which will alter the bed, banks, channel, or natural flow of Curry Creek and/or its tributaries. The sub-projects are being constructed as part of the development of a residential subdivision within the Sierra Vista Specific Plan in western Roseville. The amendment includes a proposal to construct two temporary stream crossings to allow access to sub-projects 2 and 4, which are both water quality basins. The temporary crossings will be constructed by laying three (3) 24" by 20' advanced drainage system (ADS) pipes on top of fabric, which will then be bridged on top with native soil from on-site. The temporary crossings will allow construction equipment to cross from the staging area north of the stream to the south where sub-projects 2 and 4 will be built. The temporary crossings will remain in place for up to 30 days. Once they are no longer needed, the crossings will be removed and the areas that were disturbed will be restored to pre-project conditions and seeded with a mix of native California grasses.

This is to advise that CDFW, acting as a Responsible Agency, approved the above described project on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will / will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was / was not adopted by CDFW for this project.
6. Findings were / were not made by CDFW pursuant to California Code of Regulations section 15091.

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
