SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108

State Clearinghouse Number: 2009091126

Project Title: California High-Speed Train Project: Fresno to Bakersfield Major Amendment No. 16 (California Endangered Species Act Incidental Take Permit No. 2081-2015-024-04 (ITP))

Project Location: The Project includes the California High Speed Train (HST) alignment beginning on the south side of the G Street and San Benito Street intersection, north of Highway 41, in the City of Fresno, Fresno County, California. From this intersection, the Fresno to Bakersfield HST alignment extends south either along or adjacent to the Burlington Northern Santa Fe Railway (BNSF) for approximately 99 miles before reaching the section endpoint, at the intersection of 7th Standard Road, and Santa Fe Way, within the city limits of Shafter, in Kern County, California.

Project Description: The Project approved by CDFW consists of the ITP, Major Amendment No. 1, Major Amendment No. 2, Major Amendment No. 3, Minor Amendment No. 4, Major Amendment No. 5, Major Amendment No. 6, Major Amendment No. 7, Major Amendment No. 8, Major Amendment No. 9, Major Amendment No. 10, Major Amendment No. 11, Major Amendment No. 12, Major Amendment No. 13, Major Amendment No. 14, Major Amendment No. 15, and this Major Amendment No. 16, as referenced above and as issued by CDFW, which addresses construction and operation of the Fresno to Bakersfield segment of the HST, as approved by the lead agency, affecting or generally related to fish and wildlife resources subject to the regulatory authority of CDFW, including natural resources subject to the California Endangered Species Act (CESA). The ITP authorizes incidental take of the threatened California tiger salamander (*Ambystoma californiense*), San Joaquin antelope squirrel (*Ammospermophilus nelsoni*), Swainson's hawk (*Buteo swainsoni*), and San Joaquin kit fox (*Vulpes macrotis mutica*) and the endangered Tipton kangaroo rat (*Dipodomys nitratooides nitratooides*), (collectively, the Covered Species), species designated as threatened and endangered under CESA.

Major Amendment No. 16 makes seven changes to the ITP, as previously amended. This Amendment 1) increases the size of the entire Project Construction Footprint by 23.02 acres (to a total of 6,462.95 acres of cumulative disturbance), which is necessary to accommodate a utility relocation, access roads, and temporary construction easements at Gromer Avenue in Wasco and within the Semitropic WSD; 2) updates Table 1 to add the temporary construction easements at Gromer Avenue and remove two TCE's; 3) updates Table 9 and the text regarding increases in the Covered Species habitat impacts for San Joaquin kit fox, San Joaquin antelope squirrel, Tipton kangaroo rat, and Swainson's hawk as a result of the change to the Project Construction Footprint and Table 9 is also updated to show the current number of nests taken of the maximum five currently covered by the ITP; 4) updates Conditions of Approval 7.1, 8.16.2 and 8.17.2 to include Designated Small Mammal Trapper(s), 8.16.2 and 8.17.2 to clarify that Reporting shall include all survey and trapping activities, and 8.17.2 adding conditional concurrence for the early resumption and/or extension relocation period for non-business days; 5) updates Table 11 and increases the amount of required compensatory HM lands, along with the estimated management costs required to mitigate Covered Species impacts resulting from the increased Project Construction Footprint; 6) increases the Performance Security amount required for Permittee to proceed with Covered Activities; and 7) modifies Exhibit 6, the "Baseline Map Book," by replacing Map Book pages 38 through 41 and 45 to reflect the increased Project Construction Footprint.

Notice of Determination

This is to advise that CDFW, acting as the lead agency / a responsible agency] approved the above-described project on 10/11/19 and made the following determinations regarding the above-described project:

- 1. The project will / will not] have a significant effect on the environment (This determination is limited to effects within CDFW's permitting jurisdiction as a responsible agency).
- 2. An environmental impact report / A negative declaration] was prepared by the lead agency for the original project.
- 3. Additional mitigation measures were / were not] made a condition of CDFW's approval of the project.
- 4. A mitigation reporting or monitoring plan was / was not] adopted by CDFW for this project.
- 5. A Statement of Overriding Considerations was / was not] adopted by CDFW for this project.
- 6. Findings were / were not] made by CDFW pursuant to Public Resources Code § 21081(a).
- 7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
 - Payment is submitted with this notice.
 - A copy of a receipt showing prior payment was submitted to CDFW.
- Responsible Agency statement: The EIR prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related to the incidental take permit is available to the public for review at CDFW's regional office.
