SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108

State Clearinghouse Number: 2010072004

Project Title: Lower Colgan Creek Restoration Project Phase 2 [California Endangered Species Act (CESA)
Incidental Take Permit No. 2081-2016-043-03 (ITP)]

Project Location: The Project is located along an approximately 2,000-foot-long stretch of Colgan Creek between
Victoria Drive and Boron Avenue within the City of Santa Rosa, Sonoma County. The Project is located from
approximately 100 feet south of Victoria Drive at 38.411429, -122.722478 to approximately 200 feet north of Boron
Avenue at 38.406575, -122.725576. The Project site is bounded on the east and west by commercial and residential
development, and undeveloped land. The Project footprint is 2.02 acres and is located within Township 7N, Range
8W, Sections 34 and 35 of the Santa Rosa U.S. Geological Survey 7.5-minute quadrangle map, Mt. Diablo meridian.

Project Description: The Project includes the conversion of 2.02 acres of undeveloped land into riparian habitat and
restoring the channelized Colgan Creek into a wider, meandering channel. Project activities include tree removal,
grubbing, grading, re-vegetation, installing pool habitat log structures and constructed riffles, bioengineered bank
stabilization, paving of an existing gravel path on the west side of the creek bank, and other activities.
The Project will result in permanent impacts to 2.02 acres of California tiger salamander (Ambystoma californiense)
habitat. The Project is expected to result in incidental take of California tiger salamander, which is designated as a
threatened species under CESA. The ITP referenced above as issued by CDFW authorizes incidental take of
species listed under CESA that may occur as a result of Project implementation.

This is to advise that CDFW, acting as [] the lead agency / [] a responsible agency] approved the above-
described project on 3-4-2020 and made the following determinations regarding the above described
project:

- 1. The project [] will / [] will not] have a significant effect on the environment (This determination is limited to
effects within CDFW's permitting jurisdiction as a responsible agency).
2. [] An environmental impact report / [] A negative declaration] was prepared by the lead agency for the original
project.
3. Additional mitigation measures [] were / [] were not] made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan [] was / [] was not] adopted by CDFW for this project.
5. A Statement of Overriding Considerations [] was / [] was not] adopted by CDFW for this project.
6. Findings [] were / [] were not] made by CDFW pursuant to Public Resources Code § 21081(a). CDFW did,
however, adopt findings to document its compliance with CEQA.
7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
[] Payment is submitted with this notice.
[] A copy of a receipt showing prior payment was submitted to CDFW.
[] Responsible Agency statement: The EIR prepared by the lead agency for the Project is available to the general
public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related
to the incidental take permit is available to the public for review at CDFW's regional office.
