

## CALIFORNIA ENVIRONMENTAL QUALITY ACT NOTICE OF DETERMINATION

To: Office of Planning and Research  
State Clearinghouse  
P.O. Box 3044, 1400 Tenth Street, Room 212  
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control  
Permitting Division  
8800 Cal Center Drive  
Sacramento, CA 95826

**Subject:** Filing of Notice of Determination in Compliance with Section 21108 of the Public Resources Code

**Project Title:** Class 2 Permit Modification for the Chemours Oakley Site Post-Closure Permit

**State Clearinghouse Number:** 2011092013

**Project Location:** 6000 Bridgehead Road, Oakley, CA 94561

**County:** Contra Costa County

**Project Applicant:** The Chemours Company FC, LLC

**Project Description:** The California Department of Toxic Substances Control (DTSC) adopted an Addendum to the previous Negative Declaration and approved the modifications of the Hazardous Waste Facility Post-Closure Permit (PCP), which includes a general permit provision change to reflect the change in property by defining the area subject to the PCP as the area immediately around the closed former ponds and basins; revising the security procedures to eliminate the requirement for a security guard and increasing the frequency of fence inspections to one time per week; and revising recordkeeping to reflect that records will be available via an electronic repository rather than at the Site. The property contains six closed ponds and basins from the former hazardous waste facility that have been maintained under a PCP issued by DTSC on December 7, 2011. Although the property ownership has been transferred from The Chemours Company FC, LLC to NP OAKLEY, LLC, the PCP and its requirements for management and care of the closed ponds and basins will remain with Chemours.

As Lead Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on January 23, 2020, and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of project approval by DTSC.
4. A Statement of Overriding Considerations was not adopted for this project by DTSC.
5. Findings were not made pursuant to the provisions of CEQA by DTSC.

The administrative record for this project is available to the public by appointment at the following location:
