Project Location (include county): Citywide within the City of Sacramento in Sacramento County

**Project Description:** The proposed Complete Streets Policy will direct the design, construction, use, and maintenance of the City's roadways, pathways, and sidewalks creating a comprehensive, integrated transportation network that is safe, accessible, comfortable, accommodating, and welcoming to all users consistent with the goals and policies of 2035 General Plan. The action is to adopt a Resolution and Policy to integrate Complete Streets into the plans, designs, and maintenance of the City of Sacramento's streets.

The City prepared an Initial Study to: (a) review the discussions of cumulative impacts, growth inducing impacts, and irreversible significant effects in the 2035 General Plan Master EIR to determine their adequacy for the project (see CEQA Guidelines Section 15178(b),(c)); and (b) identify any potential new or additional project-specific significant environmental effects that were not analyzed in the Master EIR and any mitigation measures or alternatives that may avoid or mitigate the identified effects to a level of insignificance, if any. As part of the Master EIR process, the City is required to incorporate all feasible mitigation measures or feasible alternatives appropriate to the project as set forth in the Master EIR (CEQA Guidelines Section 15177(d)). Policies included in the 2035 General Plan that reduce significant impacts identified in the Master EIR and Master EIR mitigation measures were identified and discussed, as appropriate, in the Initial Study. Based on the analysis contained in the Initial Study, the City has determined that the proposed project would not result in any additional significant environmental effect not previously analyzed in the Master EIR. No new additional mitigation measures or alternatives are required.

This is to advise that the City of Sacramento, City Council ☒ has approved the above described project on December 10, 2019 and has made the following determination regarding the above described project:

1. The project will ☒ will not ☒ have a significant effect on the environment.
2. ☒ An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
☐ A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation Measures were ☒/were not ☐ made a condition of the approval of the project.
4. ☐ A statement of Overriding Considerations was adopted for this project.
5. ☒ Findings were made pursuant to the provisions of CEQA

This is to certify that the final EIR with comments and responses or Negative Declaration and the record of project approval is available to the General Public at:
