Present Land Use/Zoning/General Plan Designation:

State property (water conveyance system): grazed land. Adjacent to agricultural zone.

Project Description: (please use a separate page if necessary)

DWR plans to perform maintenance activities at Bethany Reservoir's earthen dams to ensure the continued safe operation of the Bethany Reservoir, part of the State Water Project (SWP). After adopting a Supplemental Mitigated Negative Declaration in September 2018, changes were made to the project that require additional public review. The proposed project changes include: 1) new construction methods to install weir boxes and repair earthen dams by excavating and backfilling downstream faces of the dams, and 2) temporary closure of two existing parking lots at Bethany Reservoir State Recreation Area for use as equipment and materials staging areas.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
