Project Title: Gienger Water Diversion and Stream Crossings Projects
(Lake or Streambed Alteration Agreement No. 1600-2018-0858-R1)

Project Location (include county): The project to be completed is located within the Mattole River watershed, approximately 7 miles SW of the town of Redway, County of Humboldt, State of California. The project is located in Section 3, T5S, R2E, Humboldt Base and Meridian; in the Briceland U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 215-151-002; latitude 40.0898 N and longitude -123.9385 W at the point of diversion (POD).

Project Description: The project is limited to five encroachments (Table 1). One encroachment is for water diversion from an unnamed tributary to the Mattole River. Water is diverted for domestic use and irrigation. Work for the water diversion will include use and maintenance of the water diversion infrastructure. The four other proposed encroachments are to retroactively permit existing crossings where either no work or only maintenance is proposed. An Amendment or separate Notification is required to replace these crossings since the Notification specifies, they are adequately sized and functioning properly, and no work is proposed. CDFW may recommend additional work or replacement upon site inspection.
