Project Title: Wansick Water Diversion and Stream Crossings Project 3 Encroachments 1600-2019-0909-R1

Project Location (include county): The project to be completed is located within the Eel River watershed, approximately 6.4 miles SW of the town of Redway, County of Humboldt, State of California. The project is located in Section 14, T04S, R02E, Humboldt Base and Meridian; in the Briceland U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 220-052-007 latitude 40.1059 N and longitude -123.9351 W at the first point of diversion (POD).

Project Description: This Agreement relies on the Notification materials a desk review without a CDFW site inspection. The project is limited to three encroachments. One encroachment is for water diversion from unnamed tributary to China Creek. Water is diverted for domestic use only. Work for the water diversion will include use and maintenance of the water diversion infrastructure. The two other proposed encroachments are to upgrade a failing and undersized stream crossing and to place appropriately sized rock at inlets and outlets for the second stream crossing. Work for these encroachments will include excavation, removal of the failing crossings, replacement with new properly sized crossings, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion.
