Re: Request for Information Regarding School Services and Facilities for the 6220 West Yucca Street Mixed-Use Project in the City of Los Angeles

Dear Mr. Striegler:

In coordination with the City of Los Angeles Department of City Planning, PCR Services Corporation is preparing an Environmental Impact Report (EIR) for the proposed 6220 West Yucca Street Mixed-Use project (project) in the Hollywood area pursuant to the California Environmental Quality Act (CEQA).

The EIR will include an assessment of the project's potential impacts on school services and facilities. Since the project is located within the jurisdiction of the Los Angeles Unified School District (LAUSD) (District 4), we are requesting information from your agency with regards to school services and facilities. In order to maintain the schedule for the EIR, we respectfully request your input by **September 28, 2015**.

The following is a brief description of the project and a list of information requested to support the evaluation of school services and facilities in the EIR. The regional location map, aerial photograph with surrounding uses, and the project site plan are attached to this letter.

Project Description

Project Location and Surrounding Area. The project site is located on the south side of West Yucca Street between Argyle Avenue and North Vista Del Mar Avenue (addresses: 1756, 1760 North Argyle Avenue; 6210-6220 West Yucca Street; and 1765, 1771, 1771, and 1779 North Vista Del Mar Avenue) in the Hollywood community of the City of Los Angeles, approximately five miles northwest of Downtown Los Angeles as shown on **Figure A-1, Regional and Project Vicinity Locations**. The project site is bounded by Yucca Street, a vacant 5-story commercial building, and 3-story residential lofts to the north; North Vista Del Mar Avenue and 1- and 2-story single-family residences and duplexes to the east; vacant land (former Little Country Church of Hollywood) and 1- and 2-story single-family residences and duplexes followed by a 5-story mixed-use residential and commercial development to the south; and Argyle Avenue and commercial uses to the west. **Figure A-2, Aerial Photograph with Surrounding Land Uses**, illustrates the surrounding uses.

Proposed Project. The project would consist of two buildings, Buildings 1 and 2. Building 1 (up to 32-stories) would occupy the majority of the project site atop a six-level podium structure with one semi-subterranean level (P1 Level), and would include a mix of residential, hotel, and commercial/restaurant uses. Building 2 would be 6-stories with only residential uses. Overall, the project would include 191 multi-family residential units (including 39 affordable units), 260 hotel rooms, approximately 6,980 square feet of commercial/restaurant uses (P1 and Ground Levels), and a total of 372,450 square feet of floor area. Parking for all proposed uses would be provided within a six-level (one semi-subterranean level) parking structure housed within the podium structure of Building 1. The proposed development is summarized below in **Table A-1, *Proposed Project Summary***. The site plan is illustrated in **Figure A-3, *Site Plan***.

Requested Information

For the analysis, please provide the following information regarding the LAUSD and issues relating to the provision of school services and facilities for the project area, as appropriate.

- The name of the LAUSD schools that would serve the project site;
- Student generation rates for elementary school, middle school, and high school the LAUSD utilizes for multi-family residential units;
- Existing enrollments for the current year (2015–2016 school year) and projected enrollments for the year of project completion (2020–2021 school year), or nearest year available), and design capacities for these schools during the year of project completion (2020–2021 school year);
- Number of existing portable classrooms at the identified schools, if any, and the potential to add portable classrooms in the future; and
- Any plans for new facilities or expansion of existing facilities in the near future.

Please feel free to contact me at (949) 753-7001 to discuss our information needs and/or any questions regarding the project. If you would prefer to e-mail your response to this information request, please send to me at b.allee@pcrnet.com. I really appreciate your time and assistance with this effort.

Sincerely,
PCR SERVICES CORPORATION

**SUBJECT: NEW SERVICE BOUNDARY DESCRIPTION FOR HOLLYWOOD HIGH SCHOOL
EFFECTIVE JULY 1, 2008.**

The area described below has been approved by the superintendent as the attendance area served by the above-mentioned school. The description starts at the most northwesterly corner and follows the streets in clockwise order. Boundaries are on the center of the street unless otherwise noted.

This boundary supersedes boundary effective September 1, 1982 (clarified 10-7-1996, 6-27-2005).
