Project Description: (please use a separate page if necessary)

The proposed Project consists of an Amendment to the Specific Plan that would rezone 12 parcels (~13.8 acres) to allow for the development of approximately 632 units of housing consisting of market rate townhomes, affordable and market rate apartments, and approximately 25,000 square feet of commercial and/or retail space. The opportunity to vacate Alameda St. between Fernwood Ave. and Imperial Hwy. will also be explored. The apartment complexes will consist of buildings of varying heights up to five floors maximum. The townhomes will be up to three floors maximum. At the highest portion of the site, the building maximum height will be six levels above grade. Potential on-site community amenities will include a clubhouse for social engagement, offices for government services, a health care center, a career services center, and daycare facility.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
