**SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.**

State Clearinghouse Number (if submitted to State Clearinghouse): 2016012012

Project Title: Foster City Levee Protection Planning and Improvement Project (CIP 301-657)

Project Applicant: City of Foster City

Project Location (include county): See Attached

Project Description:

See Attached

This is to advise that the SF Bay Conservation and Development Commission has approved the above  
 ( ☐ Lead Agency or ☒ Responsible Agency )

described project on Nov. 21, 2019 and has made the following determinations regarding the above  
 (date)  
 described project.

1. The project [☒ will ☐ will not] have a significant effect on the environment.
2. ☒ An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
☐ A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [☒ were ☐ were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [☒ was ☐ was not] adopted for this project.
5. A statement of Overriding Considerations [☒ was ☐ was not] adopted for this project.
6. Findings [☒ were ☐ were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Community Development Department, City Hall, 610 Foster City Boulevard, Foster City, CA 94404

Revised 2011

**Attachment to Notice of Determination**

**Filed By San Francisco Bay Conservation and Development Commission**

State Clearinghouse Number for Foster City Levee Protection Planning and Improvement Project (CIP 301-657) Environmental Impact Report (EIR): 2016012012

---

**Project Location:**

The project location is within the 100-foot shoreline band and San Francisco Bay Plan-designated Waterfront Park, Beach and Wildlife Refuge Priority Use Areas, along the Foster City levee system and shoreline, in the City of Foster City, San Mateo County. The project will be generally located within the footprint of the approximately 43,000 feet (8 miles) existing levee system that surrounds Foster City along the bayfront with a slight deviation from the existing levee system footprint where shown on the enclosed Project Location Map. The San Francisco Bay side of the City levee system is comprised of tidal open water, slough channels, wetlands, and mud flats. Land uses on the landward side of the levee system consist of streets, residential and commercial areas, landscaped open space and recreational areas, unimproved lots, muted tidal wetlands and seasonal wetlands.

**Project Description:**

The project (BCDC Permit application no. 2018.005.00; Foster City CIP 301-657) will improve and rehabilitate approximately 5.9 miles of the existing 6.5-mile Foster City levee system to regain FEMA accreditation and account for sea level rise to 2050 with an adaptation strategy beyond 2050. The project would include levee rehabilitation work with new shoreline protection, redevelop and widen the levee Bay Trail, provide public access amenities and access to the Bay, and construct two bridges to increase tidal circulation to enhance O'Neil Slough in the southern segment of the project site. Special Conditions are also included to provide adequate public access amenities, protect bay resources, require the implementation of a sea level rise adaptation plan as necessary for the life of the project, and ensure that the project is developed consistent with the plans submitted as part of the application.
