Project Description: (please use a separate page if necessary)

The City of Oceanside is proposing to modify an approximately 3.5-mile-long segment of the Coast Highway corridor that runs through the city to encourage redevelopment and revitalization of the area. Proposed modifications include lane conversions, Complete Streets improvements, intersection roundabouts, and increased parking and bicycle facilities, as well as an amendment to the Zoning Ordinance to create a Coast Highway Incentive District. The Incentive District would provide optional regulations and standards that a developer or property owner may choose in lieu of the existing zoning for development and redevelopment projects within the Incentive District. Implementation of the proposed project would include amendments to the City's General Plan, Local Coastal Program, and Zoning Ordinance.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
