Project Title: Hell Hole Dam Core Raise Project
Project Applicant: Placer County Water Agency
Project Location (include county): Approximately 15 miles east of Tahoma, in Placer County

Project Description:
The Project consists of temporarily storing approximately 8,000 cubic yards of rip rap excavated from the downstream slope of the dam. The rip rap will be removed and placed back into the dam upon completion of the Project. Construction of a temporary road will include installation of three temporary ramps connecting to the top of the dam to the first bench on the reservoir side. The existing bench will serve as a temporary haul road. Upon completion of the Project, the ramps will be removed and fill replaced on the dam or disposed of at an authorized facility.
