Mr. Jim Alves
Associate Civil Engineer
City of Modesto,
P.O. Box 642
Modesto, CA 95353

Dear Mr. Alves:

Thank you for the opportunity to review the above-referenced document, the City of Modesto Wastewater Master Plan, SCH# 2016062033. The Department has the following comments:

An Encroachment Permit will be required for work (if any) done within the Department's right of way. This work is subject to the California Environmental Quality Act. Therefore, environmental studies may be required as part of the encroachment permits application. A qualified professional must conduct any such studies undertaken to satisfy the Department's environmental review responsibilities. Ground disturbing activities to the site prior to completion and/or approval of required environmental documents may affect the Department's ability to issue a permit for the project. Furthermore, if engineering plans or drawings will be part of your permit application, they should be prepared in standard units.

Please forward the final Conditions of Approval to the Caltrans District 10-Transportation Planning Division, Attention IGR Coordinator. If you have any questions, please contact Steven Martinez at (209) 942-6092 (email: steven.r.martinez@dot.ca.gov) or me at (209) 941-1921. We look forward to continuing to work with you in a cooperative manner.

Sincerely,
