Re: Proposed Ballot Measure in the City of Redlands

Dear Mr. Brian Foote,

The Agua Caliente Band of Cahuilla Indians (ACBCI) appreciates your efforts to include the Tribal Historic Preservation Office (THPO) in the Ballot Measure project. The project area is not located within the boundaries of the ACBCI Reservation. However, it is within the Tribe's Traditional Use Area. Since this action does not have the potential to impact cultural resources, we have no concerns at this time. This letter shall conclude our consultation efforts.

Again, the Agua Caliente appreciates your interest in our cultural heritage. If you have questions or require additional information, please call me at (760)699-6956. You may also email me at ACBCI-THPO@aguacaliente.net.

Subject: SB18: Ballot Measure Regarding GP Exemptions for Developed Areas within the Transit Village Specific Plan
Date: Friday, May 17, 2019 11:10:16 AM
Attachments: [image730980.PNG](#)

Hi Brian,

Thank you for contacting the San Manuel Band of Mission Indians (SMBMI) regarding the above referenced initiative. SMBMI appreciates the opportunity to review the project documentation, which was received by our Cultural Resources Management Department on 19 February 2019. The Transit Villages Specific Plan is located within Serrano ancestral territory, and the area for the project is of interest, but Tribe sees no conflicts with the proposed changes at this time due to the developed nature of the areas for which these exemptions would occur. As such, this communication concludes SMBMI's input on this project, at this time, and no additional consultation under SB18 is required. If you should have any further questions with regard to this matter, please do not hesitate to contact me at your convenience, as I will be your Point of Contact (POC) for SMBMI with respect to this project.

Respectfully,

Jessica Mauck

**Re: Project Title: Ballot Initiative re Voter Approved Land Use Initiatives Measures U, N,
and Proposition R**

Dear Mr. Desatnik -

Thank you for the opportunity to offer input concerning the development of the above-identified project. We appreciate your sensitivity to the cultural resources that may be impacted by your project, and the importance of these cultural resources to the Native American peoples that have occupied the land surrounding the area of your project for thousands of years. Unfortunately, increased development and lack of sensitivity to cultural resources has resulted in many significant cultural resources being destroyed or substantially altered and impacted. Your invitation to consult on this project is greatly appreciated.

At this time we are unaware of specific cultural resources that may be affected by the proposed project. We encourage you to contact other Native American Tribes and individuals within the immediate vicinity of the project site that may have specific information concerning cultural resources that may be located in the area. We also encourage you to contract with a monitor who is qualified in Native American cultural resources identification and who is able to be present on-site full-time during the pre-construction and construction phase of the project. Please notify us immediately should you discover any cultural resources during the development of this project.

Very truly yours,

Victoria Martin

Tribal Secretary
