SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2016112028

Project Title: Bass Diversion, Pond and Stream Crossings Project (Lake or Streambed Alteration Agreement No. 1600-2018-0673-R1)

Project Location (include county): The project to be completed is located within the Russian River watershed, approximately 7 miles northwest of the City of Ukiah, County of Mendocino, State of California. The project is located in Sections 21, 27 and 28, T16N, R13W, Mt. Diablo Base and Meridian; in the Orrs Springs U.S. Geological Survey 7.5-minute quadrangle.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number 1600-2018-0673-R1, pursuant to Section 1602 of the Fish and Game Code to Mr. Jacob Bass.

The project is limited to thirteen (13) encroachments. One (1) proposed encroachment is for water diversion from an unnamed tributary to York Creek. Water will be diverted to storage in an off-stream pond for irrigation and fire protection use. Work for the water diversion will include installation, use and maintenance of water diversion infrastructure.

One (1) proposed encroachment is for maintenance of an existing on-stream pond. Water is not diverted from the pond for consumptive use. Maintenance of the pond will include spillway repairs, including placement of rock armor.

Four (4) proposed encroachments are to upgrade undersized culverts (identified as projects SC 6, 8, 10 and 11). Work for these encroachments will include excavation, removal of the existing culverts, replacement with new properly sized culverts, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion.

Seven (7) proposed encroachments are for maintenance of existing stream crossings (identified as projects SC 1-5, 7, and 9). Work for these projects may include the placement of rock armor.

This is to advise that CDFW, acting as the Lead Agency / a Responsible Agency approved the above described project and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. A mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration Agreement is available to the public for review at CDFW's regional office.
