Present Land Use/Zoning/General Plan Designation:

General Plan Land Use Designation: Residential: Single Family Very Low Density Zoning: Residential Very Low Density

Project Description: (please use a separate page if necessary)

The project would subdivide the existing 24.02-acre lot into four parcels and develop three new single-family residences and all associated improvements. Most of the site is undeveloped and vegetated, with one existing residence on the property. One parcel would contain the existing residence, which would not be renovated or demolished as part of this project. Sunnyside Lane would be widened to accommodate fire truck access. Driveways would be constructed to access the three new residences. Utilities would be placed in an existing utility easement, which accesses the site across private property. A total of 8.1 acres of development rights on three of the parcels would be granted to the City

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
