DATE: August 31, 2018 **JOB:** Solana Beach Senior
RE: Traffic Analysis- Emergency Calls and Nearby Schools

The City of Solana Beach asked for research into additional traffic considerations for the Solana Beach Seniors project and the surrounding area. Following are the items for review:

1. Emergency Service Calls Study - Research into frequency of emergency calls to La Vida Del Mar Assisted Living, located in Solana Beach.
2. Analysis of Schools Nearby - Research into the number of students, student ages, and how they arrive to schools.

To: The City of Solana Beach

Subject: Analysis of Calls for Service to La Vida Del Mar Assisted Living Facility

One of the concerns for traffic and neighborhood impacts is the frequency of emergency calls to the care facility proposed for Genevieve Drive in Solana Beach. We contacted several assisted living facility operators to get estimates of the frequency of calls for service (ambulance calls) to their facilities. We also looked at data for the only other assisted living facility in Solana Beach. We found that the estimates and data for the current facility in Solana Beach indicate a frequency of 1.5 to 2 calls per week for a facility in the size range proposed for Genevieve.

The following is a simple analysis of the frequency of calls for service at La Vida Del Mar, an assisted living facility located at 850 Del Mar Downs Rd. in Solana Beach. This analysis is based on the call logs from the Solana Beach Fire Department provided to RhodesMoore. The analysis is for the five years from 2013-2017 for which we have a complete year's data. La Vida Del Mar has 110 beds as compared to 94 beds for the facility proposed for Genevieve in Solana Beach.

For the analysis, the total calls for service were totaled for each year and then divided by 52 weeks to get an average call per week for each year. Then an average across all five years was calculated. The average ranged from a high of 2.04 in 2013 to a low of 1.46 on 2017. These numbers are similar to the estimates that were given by Benchmark (3 current facilities in San Diego County), Frontier Management (78 current facilities nationwide) and Formation Capital (approx. 50 facilities nationwide) that were reported in the range of 1.5 to 2 per week.

The totals are listed below, and the raw data is provided in exhibit A:

Summary of Calls for Service at La Vida Del Mar

<u>Year</u>	<u>Total Count</u>	<u>Ave. Calls/Week</u>
2013	106	2.04
2014	97	1.87
2015	82	1.58
2016	83	1.60
2017	76	1.46
Average	88.8	1.71

_____ End of Report _____

To: The City of Solana Beach

Subject: Analysis of Schools Nearby to the Genevieve Seniors Care Site

One of the community concerns that was brought up was the nearby schools that may be impacted by the Assisted Living Facility. We followed up on the three nearby facilities and here is a summary of each based on research and interviews.

LaPorte Montessori School. 1010 Solana Drive. This school is primarily a nursery school for infants and toddlers. It does have regular classes for K-6 for 10 months per year and various other classes and programs during the summer. The total student count during the main school session is 165 students (2017 school year) and only 28 are ages 5-12 attending the K-6 classes according to the school director. They expect that fewer than 5 live close enough to walk to school. They are aware of one family that has students that regularly walk, bike or take a golf cart to school accompanied by parents. The school has two student drop off/parking locations and there is a 5 foot concrete sidewalk along the frontage of the school.

Unitarian Church//School. 1036 Solana Drive. The Unitarian Church runs a day care center for children ages 1-4 from 9 AM to 1 PM. They typically have about 50 children per day weekdays. It is unlikely that these children walk to school. Nursery attendees are dropped off in the parking areas that is off a long drive up from the street. There is no sidewalk along the street frontage of the Church.

Lindamood Bell School. 445 Marine View Avenue. The Lindamood Bell School is in the Timbers Building. This is an educational services company that provides one on one tutoring to special needs children (ADHD, Autistic Spectrum) weekdays from 8 AM-5 PM. These children do not walk to school but are dropped off and often accompanied by their parents for their sessions. The students are dropped off in the parking area of the Timbers Building and there is a sidewalk in front on Marineview.
