SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code

PROJECT TITLE: **Transportation Analysis Guidelines Amendment**

STATE CLEARINGHOUSE NUMBER: SCH# 2017062058

APPLICANT: City of Elk Grove
8401 Laguna Palms Way
Elk Grove, CA 95758
916-683-7111

PROJECT LOCATION: Citywide

PROJECT DESCRIPTION: TAGs assist with assessing potential traffic operation's analysis of proposed projects. It establishes protocols for studies/reports in transportation planning/engineering and include guidance for General Plan consistency analysis (using roadway and intersection performance) and analysis under the California Environmental Quality Act (CEQA) using vehicle miles traveled (VMT). This Project proposes to amend the City's TAG to update the analysis process flowchart in Figure 1 and update the Roadway Sizing Diagram in Figure 4.

PROJECT BACKGROUND: As part of the development and adoption of the 2019 General Plan the City prepared and certified the General Plan Update Environmental Impact Report (EIR) (SCH No. 2017062058). That document provides a programmatic review of the potential impacts associated with implementation of the overall General Plan. The EIR is comprised of a Draft EIR (Draft EIR) and Final EIR (Final EIR). The Final EIR was released for public review on January 4, 2019 and certified by the City Council on February 27, 2019.

Y-103

This is to advise that on December 11, 2019, the City of Elk Grove City Council determined that the proposed Project does not alter the assumptions or analysis for the Project from that documented in the CEQA analysis to date. The proposed amendments to the TAG are consistent with the analysis presented in the EIR and, pursuant to State CEQA Guidelines Section 15162, no subsequent analysis is required. Specifically, the revisions are minor in nature and only affect two graphics. The first is a flowchart illustrating the analysis process for land use projects and is based upon the text in the document. No changes are proposed to the text; the amendment to the flowchart is to more accurately reflect the procedures provided in the text. The second revision is to the graphic illustrating the transportation network and is a reprint of the same graphic from the General Plan. This figure is being updated for four roadway segments to reclassify them from "local street" to "2-lane arterial/collector." This reclassification does not change the lane sizing for the segments.

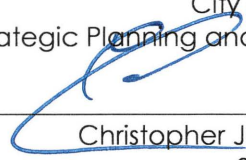

Therefore, pursuant to State CEQA Guidelines Section 15162, there are no substantial changes in the Project, there are no substantial changes with respect to the circumstances under which the Project is undertaken, and no new information of substantial importance, which was not known and could not have been known at the time of certification of the EIR, and no further environmental review is required.

- The Project will have a significant effect on the environment.
- Mitigation measures were made a condition of approval of this project.
- A Mitigation Monitoring and Reporting Plan was adopted for this project.
- Findings were made pursuant to the provisions of the California Environmental Quality Act (CEQA).

AVAILABILITY OF DOCUMENTS:

This is to certify that the previously approved EIR and record of Project approval are available to the General Public at: City of Elk Grove, 8401 Laguna Palms Way, Elk Grove, CA 95758

SUBJECT: Filing of Notice of Determination in compliance with Section 21152 or 21152 of the Public Resources Code

STATE CLEARINGHOUSE NUMBER: 2017062058

PROJECT TITLE: Transportation Analysis Guidelines

PROJECT APPLICANT: City of Elk Grove

PROJECT LOCATION: Elk Grove California, Sacramento County

PROJECT DESCRIPTION:

CEQA requires the City to establish objectives, criteria, and procedures for the evaluation of projects, and the preparation of environmental impact reports and negative declarations. The City has adopted Elk Grove Municipal Code (EGMC) Chapter 20.01, which adopts the State's CEQA Guidelines (by reference) as the City's overall objectives and procedures. EGMC Section 20.01.020 provides that the City Council shall, by resolution, adopt subsequent procedures necessary to carry out the Chapter.

The Transportation Analysis Guidelines assist with assessing potential traffic operation's analysis of proposed projects. They establish protocols for transportation analysis studies and reports based on the current state-of-the-practice in transportation planning and engineering and include guidance for General Plan consistency analysis (using roadway and intersection performance) and analysis under the California Environmental Quality Act (CEQA) using vehicle miles traveled (VMT).

POSTED BY SACRAMENTO CO. CLERK-RECORDER
FROM *3/1/19* TO: *3/1/19*

This is to advise that on **February 27, 2019**, the City of Elk Grove City Council has approved the above described project and has made the following determinations regarding the above described project.

- The project will have a significant effect on the environment.
- An Environmental Impact Report has been prepared and adopted for this project pursuant to the provisions of CEQA.
- Mitigation measures were made a condition of approval of this project.
- A Mitigation Monitoring and Reporting Plan was adopted for this project.
- Findings were made pursuant to the provisions of the California Environmental Quality Act (CEQA).

This is to certify that the Environmental Impact Report is available to the General Public at: City of Elk Grove, 8401 Laguna Palms Way, Elk Grove, CA 95758
