SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code

PROJECT TITLE: **Climate Action Plan Amendment**

STATE CLEARINGHOUSE NUMBER: SCH# 2017062058

APPLICANT: City of Elk Grove
8401 Laguna Palms Way
Elk Grove, CA 95758
916-683-7111

PROJECT LOCATION: Citywide

PROJECT DESCRIPTION: On February 27, 2019, the City Council approved a comprehensive update to the Elk Grove Climate Action Plan (CAP). The CAP serves as a plan for the reduction of greenhouse gases (GHG) consistent with State recommended targets and serves as a programmatic tiering document for the purposes of CEQA. The actions requested with this recommendation are intended to (1) ensure the CAP remains consistent with the 2019 California Building Codes and (2) ensure the Elk Grove Municipal Code (EGMC) remains consistent with the CAP. This includes amending Measure BE-7 in the CAP related to solar photovoltaic (PV).

PROJECT BACKGROUND: As part of the development and adoption of the 2019 General Plan the City prepared and certified the General Plan Update Environmental Impact Report (EIR) (SCH No. 2017062058). That document provides a programmatic review of the potential impacts associated with implementation of the overall General Plan, including the CAP. The EIR is comprised of a Draft EIR (Draft EIR) and Final EIR (Final EIR). The Final EIR was released for public

Y900

review on January 4, 2019 and certified by the City Council on February 27, 2019.

This is to advise that on December 11, 2019, the City of Elk Grove City Council determined that the proposed Project does not alter the assumptions or analysis for the Project from that documented in the CEQA analysis to date. The proposed revisions to the CAP are consistent with the analysis presented in the EIR and, pursuant to State CEQA Guidelines Section 15162 (Subsequent EIRs and Negative Declarations), no subsequent analysis is required. Specifically, the revisions to the CAP, which reflect unanticipated changes to the Building Code, provide for more potential energy efficiency and greenhouse gas reduction potential than the CAP originally provided because the regulations apply to a wider range of building types and sizes. Therefore, there are no substantial changes in the Project, there are no substantial changes with respect to the circumstances under which the Project is undertaken, and there is no new information of substantial importance, which was not known and could not have been known at the time of certification of the EIR, and no further environmental review is required.

Therefore, pursuant to State CEQA Guidelines Section 15162, there are no substantial changes in the Project, there are no substantial changes with respect to the circumstances under which the Project is undertaken, and no new information of substantial importance, which was not known and could not have been known at the time of certification of the EIR, and no further environmental review is required.

- The Project will have a significant effect on the environment.
- Mitigation measures were made a condition of approval of this project.
- A Mitigation Monitoring and Reporting Plan was adopted for this project.
- Findings were made pursuant to the provisions of the California Environmental Quality Act (CEQA).

AVAILABILITY OF DOCUMENTS:

This is to certify that the previously approved EIR and record of Project approval are available to the General Public at: City of Elk Grove, 8401 Laguna Palms Way, Elk Grove, CA 95758

PROJECT TITLE: General Plan Update

PROJECT APPLICANT: City of Elk Grove

PROJECT LOCATION: Elk Grove California, Sacramento County

PROJECT DESCRIPTION: The City of Elk Grove is conducting a comprehensive update of its General Plan. State law (Government Code Section 65300) requires each city and county to adopt a comprehensive, long-term general plan for its physical development. The City's current General Plan was adopted in 2003, with various amendments and changes made since then, and serves to direct the City's future growth and development as well as its conservation policy. The General Plan is now being updated to ensure that this guiding policy document remains a useful tool, keeps pace with change, and provides workable solutions to current and future issues. The General Plan includes the following State-required elements or topics: Land Use, Circulation, Housing, Conservation, Open Space, Noise, Safety, and Environmental Justice. The updated Elk Grove General Plan is divided into 10 chapters, which together address the topics mandated by the State, as well as additional topics of interest to the City.

POSTED BY SACRAMENTO CO. CLERK-RECORDER
FROM 2/1/19 TO 3/31/19

This is to advise that on **February 27, 2019**, the City of Elk Grove City Council has approved the above described project and has made the following determinations regarding the above described project.

- The project will have a significant effect on the environment.
- An Environmental Impact Report has been prepared and adopted for this project pursuant to the provisions of CEQA.
- Mitigation measures were made a condition of approval of this project.
- A Mitigation Monitoring and Reporting Plan was adopted for this project.
- Findings were made pursuant to the provisions of the California Environmental Quality Act (CEQA).

This is to certify that the Environmental Impact Report is available to the General Public at: City of Elk Grove, 8401 Laguna Palms Way, Elk Grove, CA 95758
