Title: Lagoon Creek Bridge and American River Bridge Scour Repair Project

Proponent: California Department of Transportation (Caltrans)

Location: State Route (SR) 160 Bridge over American River, city of Sacramento, Sacramento County.

Description: Caltrans is proposing a scour mitigation and bridge replacement project at two different locations in Sacramento County; at the American River Bridge on SR 160 north of downtown Sacramento, and at the Lagoon Creek Bridge on SR 99 north of Twin Cities Road in southern Sacramento County. The State Lands Commission's jurisdiction and action is specific to the SR 160 Bridge over the American River. The State Lands Commission action is an approval of a 6-year General Lease – Public Agency Use through April 5, 2025.

This is to advise that the California State Lands Commission, as  Lead Agency  Responsible Agency, approved the above described project on April 5, 2019, and made the following determinations regarding the project.

- 1) The project  will  will not have a significant effect on the environment.
- 2) A  Mitigated Negative Declaration (MND) was adopted for this project pursuant to the provisions of CEQA.
- 3) Mitigation measures  were  were not made a condition of the approval of the project.
- 4) A mitigation reporting or monitoring plan  was or  was not adopted for this project.
- 5) A Statement of Overriding Considerations  was  was not adopted for the project.
- 6) Findings  were  were not made pursuant to the provisions of CEQA.

The lead agency for the project, Caltrans, adopted the Mitigated Negative Declaration (MND) and avoidance, minimization, and mitigation measures that were made a condition of project approval and approved the project on January 25, 2018. The California State Lands Commission has considered the MND as prepared for this project by Caltrans. The MND and the record of project approval may be examined at the above shown California State Lands Commission Sacramento office address.
