We recommend adding wayfinding signage for the bicycle and transit facilities in the project area. Wayfinding signage will connect and direct people and future passengers to the appropriate transit and bicycle facilities.

**Encroachment Permit**

Please be advised that any project work proposed in the vicinity of the State Highway System (SHS) will require an Encroachment Permit and all environmental concerns must be adequately addressed. If the environmental documentation for the project does not meet Caltrans' requirements, additional documentation would be required before the approval of the Encroachment Permit. For specific details for Encroachment Permits procedure, please refer to the Caltrans' Encroachment Permits Manual. The latest edition of the Manual is available on the web site: <http://www.dot.ca.gov/hq/traffops/developserv/permits/>

Please continue to keep us informed of this project and any future developments which could potentially impact the SHS. If you have any questions, please do not hesitate to contact Joseph Jamoralin, at (657) 328-6276 or [Joseph.Jamoralin@dot.ca.gov](mailto:Joseph.Jamoralin@dot.ca.gov).

Sincerely

Scott Shelley  
Branch Chief, Regional-IGR-Transit Planning  
District 12
