LEAD AGENCY AND ENTITY CARRYING OUT PROJECT: Tuolumne City Sanitary District
(Applicant)

RESPONSIBLE AGENCY APPROVING PROJECT: State Water Resources Control Board
(State Water Board)

PROJECT LOCATION: The Project is located within the existing WWTP situated southwest of the old Tuolumne townsite near the unincorporated community of Tuolumne within Tuolumne County. The WWTP is located in the Tuolumne USGS 7.5' Quadrangle in a portion of Section 8, T1N, R16E, MDB&M within the central Sierra Nevada foothills.

PROJECT DESCRIPTION: The Project will install upgrades to the existing WWTP in Tuolumne to improve facility function. All proposed improvements will occur within the footprint of the existing WWTP. Upgrades include the supervisory control and data acquisition system, return activated sludge/waste activated sludge pumps, sludge lagoon aeration and mixing, circular clarifiers, process piping improvements, site paving, energy efficiency lighting, and storage pond lining.

This is to advise that the State Water Board made the following California Environmental Quality Act (CEQA) determinations and approved CWSRF financing on April 7, 2020 for the Project:

1. Determinations were made pursuant to the CEQA.
2. The State Water Board considered the Initial Study/Mitigated Negative Declaration (IS/MND) as prepared by the Applicant for this Project.
3. A Mitigation Monitoring and Reporting Program was adopted by the Application for this Project.
4. Mitigation measures were made a condition of the Applicant's approval of the Project.
5. A Statement of Overriding Considerations was not adopted by the Applicant for this Project.
6. The Project will not have any adverse significant water quality effects.

This is to certify that the IS/MND with comments and responses and record of funding approval for the Project are available to the general public at the State Water Board, Division of Financial Assistance at the above address.
