**Attachments:** Scan SCH 2018061064 Beechwood Specific Plan Templeton 740.pdf; Area-Section EIR RESPONSE CHECKLIST.DOCX

Good afternoon,

I have reviewed the attached environmental impact documentation and have corresponded with the City Engineer for the City of Paso Robles, Mr. David Athey. Although this project would definitely create an increase in traffic congestion in the area and local community, I have reviewed the complete Beechwood Draft Environmental Impact Report, and have determined the planned traffic engineering modification requirements contained in the project proposal would adequately mitigate these increased traffic concerns.

With that, I have determined there to be **no impact to the Templeton Area's local operation and/or public safety by SCH 2018061064.**

Please let me know if you have questions or concerns.

Thank you,  
Kevin

Governor's Office of Planning & Research

Good afternoon,

Special Projects Section (SPS) recently received the referenced "Notice of Environmental Impact" document from the State Clearinghouse outlined in the following Website:

<https://ceqanet.opr.ca.gov/2018061064/2>

Due to the project's geographical proximity to the Stockton Area, please use the attached checklist to assess its potential impact to local Area/Section operations and public safety.

CC to Division FYI only

Please feel free to e-mail me if you have any questions.

Thank you!

**Kind Regards,**

**Blanca Enciso  
Special Projects Section-063  
Transportation Planning Unit  
California Highway Patrol  
Office (916) 843-3365**
