 Fiscal  Recreation/Parks  Vegetation  Other: \_\_\_\_\_

## Present Land Use/Zoning/General Plan Use

"Transit Oriented Development" & "Mixed Use Corridor"/"Transit Oriented Devekopment"/"Transit Oriented Development"

## Project Description

The County of Sacramento Department of Transportation (SacDOT) proposes to modify Watt Avenue from the westbound I-80 off ramp to Roseville Road to provide seven-foot wide Class II bike lanes in the northbound and southbound directions. In addition, there will be new raised medians, landscaped buffer, curb, gutter, and separated sidewalks. Signal modifications at the following intersections are also proposed to account for new bike lanes at Watt Ave and Winona Way and Watt Ave and Myrtle Ave.

NOTE: Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g., from a Notice of Preparation or previous draft document) please fill it in.

Although the project is adding to the right of way, it will not result in any additional vehicle lanes and therefore will not increase vehicular capacity. The project will promote multi-modal accessibility and safety by improving pedestrian, bicycle, and public transit facilities. The maximum depth of construction is expected to be two feet.

The project is located approximately 800 feet north of Interstate 80 and 900 feet east of McClellan Airfield in the Triangle Gateway District of the North Highlands community in unincorporated Sacramento County.

# Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
