Project Title: Interstate 40 Regrade Existing Median

Project Applicant: California Department of Transportation

Project Location (include county): San Bernardino County, California

**Project Description:**

The proposed project consists of re-grading the existing non-standard I-40 median cross slopes within the 30-foot clear recovery zone from existing, which vary from 2:1 to 6:1 or steeper, to 10:1 or flatter. The proposed improvements would require substantial fill material and modification of existing drainage facilities within the median. Drainage modifications and improvement work would consist of reconstruction of existing off-site drainage facilities by extending the storm drain in the median (Caltrans 2015).

This is to advise that the California Department of Transportation has approved the above  
 Lead Agency or  Responsible Agency

described project on 1/22/19 and has made the following determinations regarding the above  
 (date)  
 described project.

1. The project  will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
