I'm eighty-one and wise and realize...the "No Place Like Home" requirements will drastically change the Silverado Plaza and Napa Reserve Senior Apartments area:

- illegal loitering...bus stop and plaza
- alcohol and drug refuse scatter
- vagrancy ... both areas invite this because of proximity
- accosting ... panhandling

Police will be summoned...frequently. Yes they will.

Of course, you already may be concerned and acting in good order on this concerning and fixable situation.
