RE: Proposed Mt. San Antonio College Transit Center (3MTS010200) Project, City of Walnut;
San Dimas USGS Quadrangle, Los Angeles County, California

Dear Mr. Cisneros:

A record search of the Native American Heritage Commission (NAHC) *Sacred Lands File* was completed for the area of potential project effect (APE) referenced above with negative results. Please note that the absence of specific site information in the *Sacred Lands File* does not indicate the absence of Native American cultural resources in any APE.

Attached is a list of tribes culturally affiliated to the project area. I suggest you contact all of the listed Tribes. If they cannot supply information, they might recommend others with specific knowledge. The list should provide a starting place to locate areas of potential adverse impact within the APE. By contacting all those on the list, your organization will be better able to respond to claims of failure to consult. If a response has not been received within two weeks of notification, the NAHC requests that you follow-up with a telephone call to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from any of these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact via email: gayle.totton@nahc.ca.gov.

Sincerely,

A handwritten signature in cursive script that reads "Gayle Totton".

Subject: Assembly Bill (AB) 52 (Public Resources Code §21080.3.1): Long Range Development Plan Mt. San Antonio College 2018 Educational and Facilities Master Plan, City of Walnut, Los Angeles County, California

Dear Mr. Salas:

Mt. San Antonio College (Mt. SAC) is the lead agency, pursuant to the California Environmental Quality Act (CEQA), for the proposed *Mt. San Antonio College 2018 Educational and Facilities Master Plan* and associated 2017 Parking and Circulation Master Plan (EFMP). The campus encompasses 418.44 acres (comprised of 3 parcels) and is located north and south of Temple Avenue east of Grand Avenue, with the "West Parcel" located west of Grand Avenue and south of Amar Road/Temple Avenue. Mountaineer Road and Edinger Way form the northern boundary of the campus and the eastern boundary is consistent with the City of Walnut's eastern boundary.

The proposed EFMP is the College's long-range development plan and also serves as the foundation for other components of the College's integrated planning process. Among other purposes, the EFMP projects Mt. SAC's overall growth and the growth of programs and services during the planning horizon and develops recommendations for site and facilities improvements that are informed by educational planning.

AB 52 requires lead agencies to consult with California Native American tribes that request such consultation in writing prior to the agency's release of a Notice of Preparation (NOP) of an Environmental Impact Report (EIR) or notice of a Mitigated Negative Declaration (MND), or Negative Declaration (ND). To that end, Mt. SAC is notifying you of this Project. AB 52 allows tribes 30 days after receiving notification to request consultation. Please refer to the attached NOP for a project description and location map.

Your participation in this local planning process is important. If you possess any information or knowledge regarding Native American Sacred Lands or other tribal cultural resources in and around the Project site, and wish to consult with Mt. SAC regarding these resources, please direct your email to facilities_planning@mtsac.edu or any correspondence on this matter to:

COLLEGE PRESIDENT / CEO – Dr. William T. Scroggins

Mt. SAC would welcome a response at your earliest possible convenience, but no later than 30 days after receiving this letter. Should we not receive a response within 30 days, we will presume that you have declined consultation under AB 52. Please do not hesitate to let us know if you have any questions or would like to discuss this proposed Project. Please contact Mikaela (Mika) Klein by phone at (909) 274-5720 with any questions.

Thank you very much for your assistance.

Sincerely,
