Project Description: (please use a separate page if necessary)

Caltrans proposes a drainage restoration project at 19 locations on SR-1/PCH in the cities of Los Angeles, Malibu, and unincorporated areas within Los Angeles County (post miles 37.67 to 62.86) and Ventura County (post miles 0.00 to 0.92). Improvements include repair/rehabilitation of existing drainage facilities to restore full functionality, and also includes replacement of the existing bridge/culvert at Solstice Canyon Creek with a new bridge structure with an underlying natural slope creek bottom to provide improved flood water conveyance, and to improve hydraulic conditions to facilitate movement of the endangered Southern steelhead trout population in the project study area.
