Project Description: (please use a separate page if necessary)

The proposed project would expand the existing Kaiser Permanente Moreno Valley Medical Center campus by replacing facilities and adding new buildings. The proposed project would proceed under a Master Plan/Development Plan Permit and would be developed in up to three phases, with the first phase to be evaluated in the EIR on a project level. Because not all facilities of the project are moving forward at this time and based on several factors that are presently unknown, future Phase II and Phase III will be evaluated at a programmatic level. Ultimately, the project would redevelop and expand the medical center campus to include approximately 460-bed hospital, hospital support buildings, outpatient medical office buildings, an energy center, and surface and structured parking (approximately 1,125,000 square feet).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
