Project Title: Corinda de los Trancos Creek Channel Repair & Stabilization, Phase 2

Project Applicant: Questa Engineering (Syd Temple)

Project Location (include county): Corinda de Los Trancos Creek, adjacent to Ox Mtn. Landfill, San Mateo

Project Description:

The proposed project will affect an 800-foot reach of Corinda de Los Trancos Creek (CDLT Creek) and disturb 40,300 square feet (0.93 acres) of riparian area. The project will entail reconstructing the channel bed, the west bank of the channel, and select sections of the east bank. Fill will be used to raise the creek bed, creating a wider channel, and the east bank will be filled to create a stable, more gradual slope. The design includes habitat and grade control features such as eight Pool Complexes, 250 feet of Steep Cascades and 6,660 square feet of flood plain. Numerous large woody debris structures will be created from the 35 native trees removed for grading.

This is to advise that the San Mateo County Planning Commission has approved the above
 Lead Agency or Responsible Agency

described project on 1/23/2019 and has made the following determinations regarding the above
 (date)
 described project.

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
