Project Description: (please use a separate page if necessary)
The Inyo County Public Works Department proposes the Carroll Creek Road Bridge Replacement Project, which would involve the replacement of County Bridge 48C0011 with a new bridge and would decommission the existing bridge. The proposed project would also include the realignment of Carroll Creek Road as it approaches the new bridge in either direction. The proposed project is needed because the existing bridge does not meet structural and safety standards. The purpose of the proposed project is to construct a bridge that is structurally sound, meets current structural and safety codes, and provides safe access for vehicles, including emergency vehicles, between U.S. Highway 395 and recreation areas, residences, and other destinations west of the bridge.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
