Designation Categories: A = Attainment

N = Nonattainment

T = Nonattainment-Transitional

U = Unclassified

These designations reflect the year in which the area designation was made, generally based on data from the previous three-year period.

- * State area designations were not changed in this year and no Staff Report was submitted.
- ** State area designations changed only by operation of law and no Staff Report was submitted.

There are three State carbon monoxide standards, a 1-hour standard of 20 parts per million that applies statewide, an 8-hour standard of 6.0 parts per million that applies only in the Lake Tahoe Air Basin (LTAB), and an 8-hour standard of 9.0 parts per million that applies in all other areas except LTAB. The 8-hour LTAB standard is not to be equaled or exceeded, while the other two are not to be exceeded.

^{***} The Southeast Desert Air Basin was subdivided into the Mojave Desert and Salton Sea air basins in 1996.
