

NOTICE OF EXEMPTION

2019018566

To: Office of Planning and Research
 State Clearinghouse
 P.O. Box 3044, 1400 Tenth Street, Room 212
 Sacramento, California 95812-3044

From: Department of Toxic Substances Control
 Permitting Division
 8800 Cal Center Drive
 Sacramento, California 95826

Project Title: EMERGENCY PERMIT FOR TREATMENT OF HAZARDOUS WASTE, UNIVERSITY OF CALIFORNIA-DAVIS, DAVIS, CALIFORNIA

Project Location: 2201 Environmental Services Lane, Davis, CA 95616

Treatment Location: 2201 Environmental Services Lane, Davis, CA 95616

County: Yolo County

Project Activities: The California Department of Toxic Substances Control (DTSC), pursuant to authority granted under California Code of Regulations, Title 22, Division 4.5, Chapter 20, Section 66270.61, has issued an Emergency Permit to the University of California-Davis, (EPA ID# CAD047120084) to treat hazardous waste through a controlled reaction with a chemical solution. The hazardous waste to be treated consists of the following items:

Description	Quantity of Containers	Hazard Designation	Container Size
Styrene	5	Peroxide, Monomer	3x100 ml, 1x250 ml, 1x1L
Methacrylic Acid	1	Peroxide, Monomer	250 ml
Benzoyl Peroxide	1	Temperature, Shock Sensitive	50 grams
Diazald	1	Temperature, Shock Sensitive	100 grams

The hazardous waste items expired and are currently being stored at the Environmental Services Facility located at 2201 Environmental Services Lane, Davis, CA 95616. DTSC has determined as a safety precaution to prevent an accident or severe injury, an Emergency Permit should be issued to chemically stabilize the hazardous waste prior to transportation off-site by Clean Harbors Environmental Services (CHES). The treatment of the hazardous waste involves the addition of solution to the container in a controlled manner to reduce the reactive or ignitable characteristics of the chemicals.

Treatment will take place within a designated exclusion zone. Only reactive material technicians from CHES will be allowed in the exclusion zone. Movement, preparation, and treatment of the items will be in accordance with established standards.

Within 10 business days of the expiration of this permit, University of California-Davis will submit a final report, signed in accordance with Title 22, California Code of Regulations section 66270.11(d). The report shall include certification that the treatment area has been cleared of all residual hazardous waste generated from this emergency treatment and all generated waste has been properly managed.

The Emergency Permit is effective beginning February 8, 2019 and shall expire on April 1, 2019.

Name of Public Agency Approving Project: Department of Toxic Substances Control

Name of Person or Agency Carrying Out Project: University of California-Davis

Exemption Status: (check one)

- Ministerial [PRC, Sec. 21080(b)(1); CCR, Sec. 15268]
- Declared Emergency [PRC, Sec. 21080(b)(3); CCR, Sec.15269(a)]
- Emergency Project [PRC, Sec. 21080(b)(4); CCR, Sec.15269(b)(c)]
- Categorical Exemption: [State type and section number]

- Statutory Exemptions: [State code section number]
- General Rule [CCR, Sec. 15061(b)(3)]

2019018566

Exemption Title: Specific actions necessary to prevent or mitigate an emergency.

Reasons Why Project is Exempt: This action is necessary to prevent an emergency.

Evidence to support the above conclusions is documented in the project file record, available for inspection at:
