Subject: Mitigated Negative Declaration for Mt. Shasta Sewer Interceptor Improvements, Siskiyou County, SCH Number 2019029045

Dear Ms. Lucchesi:

The California Department of Fish and Wildlife (Department) has reviewed the Mitigated Negative Declaration (MND) for the above-referenced project (Project). The Department's review of this Project is pursuant to our role as the State's trustee for fish and wildlife resources under the California Environmental Quality Act, California Public Resources Code section 21000 et seq. The Project entails improvements to the City of Mt. Shasta's wastewater collection system. The Department was previously consulted on this Project and all concerns have been addressed through design modifications and mitigation measures; therefore, the Department has no comment on this Project. The Department appreciates the inclusion of measures to protect biological resources in the MND. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.

We appreciate the opportunity to review this Project. If you have any questions, please contact me at (530) 225-2138, or by email at Kristin.Hubbard@wildlife.ca.gov.

Sincerely,

Adam McKannay
 Interior Cannabis and Conservation Planning Supervisor
