Mission Springs Water District (MSWD), West Valley Water Reclamation Program EIR

<u>SCH#2019029091</u>	<u>Danny Friend</u>	<u>(760) 329-6448</u>
State Clearinghouse Number	Lead Agency Contact Person	Telephone Number

Project Location

The proposed project is located at several locations within MSWDs service area, which is located generally within the City of Desert Hot Springs and within unincorporated Riverside County. The West Valley Water Reclamation Facility is located at the northwest corner of 20th Avenue and Little Morongo Road, while the pipeline alignments travel along Dillon Road and Little Morongo Road. The conveyance system will be installed within an area north of Dillon Road, west of Yerxa Road and Hidalgo Street, south of San Gorgonio Street, and east of Avenue Garcia within the City of Desert Hot Springs and unincorporated Riverside County.

Project Description

MSWD or District, as the Lead Agency pursuant to CEQA, is proposing to implement a West Valley Water Reclamation Program (WVWRP or Program) that includes constructing municipal wastewater collection and treatment systems that will promote the elimination of individual septic systems that overlie the Mission Creek, Desert Hot Springs, and Garnet Hill aquifers. The WVWRP has three components: construction of a West Valley Water Reclamation Facility (WVWRF), construction of a conveyance system connecting existing sewered areas to the WVWRF and constructing a collection system for the Groundwater Quality Protection Program Area M2 (to be served by the WVWRF). The proposed Project is located at several locations within MSWD's service area, which is located generally within the City of Desert Hot Springs and within unincorporated Riverside County. The WVWRF is located at the northwest corner of 20th Avenue and Little Morongo Road, while the pipeline alignments travel along Dillon Road and Little Morongo Road. The conveyance system will be installed within an area north of Dillon Road, west of Yerxa Road and Hidalgo Street, south of San Gorgonio Street, and east of Avenue Garcia within the City of Desert Hot Springs and unincorporated Riverside County. Construction of the proposed WVWRP elements are anticipated to occur beginning in the Fourth Quarter of 2019. Construction of the WVWRF is expected to require about eighteen (18) months, while construction of the pipeline alignments is anticipated to require about one hundred-five (105) days assuming that two teams will be installing pipelines concurrently.

This is to advise that the Mission Springs Water District has approved the above described project on
