Project Description: (please use a separate page if necessary)

Project amends zoning to Planned Community, General Plan designation to Multi-Family Residential, and includes a Use Permit to implement the Planned Community zoning. Currently approximately 9 residential units exist on-site and are inconsistent with zoning and land use designations. Project would establish a Planned Community to develop additional multi-family residential studios for a full potential buildout of 24 units. The majority of residences would be designated as low-income units. The development would be served by public utility services.
