STATE CLEARINGHOUSE

Dear Ms. Yearyean:

Thank you for the opportunity to review the Notice of Land Acquisition Application for the Santa Rosa Indian Community of the Santa Rosa Rancheria proposing the transfer of six (6) parcels of land. The parcels are located throughout the City of Lemoore and Hanford.

The mission of Caltrans is to provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability. The Local Development - Intergovernmental Review (LD-IGR) Program reviews land use projects and plans through the lenses of our mission and state planning priorities of infill, conservation, and travel-efficient development. To ensure a safe and efficient transportation system, we encourage early consultation and coordination with local jurisdictions and project proponents on all development projects that utilize the multimodal transportation network.

Caltrans provides the *following comments* consistent with the State's smart mobility goals that support a vibrant economy and sustainable communities:

1. Caltrans has no objection with the proposed land acquisition application. However, the project application does not indicate the proposed uses for these properties. Caltrans recommends that a Site Plan Review overlay be imposed as a condition of the transfer of land to allow additional review of any proposed land use or if in the future another land use is proposed that has the potential to significantly impact the State Highway System.

If you have any further questions, please contact Lupita Mendoza, Transportation Planner, at (559) 488-4260.

Sincerely,

A handwritten signature in cursive script that reads "Lorena Mendibles".

LORENA MENDIBLES, CHIEF  
Transportation Planning-South
