Dear Mr. Larry Smith:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above referenced project's SEA. The purpose of the proposed project is efficient accommodation of larger, deep-draft vessels; increased cargo efficiency of product delivery; and reduced overall transit costs.

State Route 1 is the closest state facility to the proposed project. After reviewing the SEA, Caltrans does not expect project approval to result in a direct adverse impact to the existing State transportation facilities.

If you have any questions regarding these comments, please contact project coordinator Reece Allen, at reece.allen@dot.ca.gov and refer to GTS# 07-LA-2019-02357.

Sincerely,

MIYA EDMONSON
IGR/CEQA Branch Chief
