

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Laguna Canyon Channel Improvement

Lead Agency: City of Laguna Beach

Contact Name: Tom Perez

Email: tperez@lagunabeachcity.net

Phone Number: 949.464.6688

Project Location: Laguna Beach

Orange

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The approximately 0.39-acre project site consists of a portion of the Laguna Canyon Channel, including the existing transition structure, box culvert, and outfall structure, which are primarily located between Beach Street and the existing ocean outfall at Main Beach. The project includes removing and replacing the transition structure immediately upstream of Beach Street and approximately 50 linear feet of double RCB structure at the Main Beach outlet, and performing structural improvements within the existing culvert box between Beach Street and the Caltrans squash box structure located under South Coast Highway.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would result in potentially significant impacts related to Aesthetics, Biological Resources, Hazards and Hazardous Materials, Noise, Public Services, Transportation/Traffic, and Utilities and Service Systems. Mitigation has been proposed for the above mentioned resources. Incorporation of mitigation measures would result in less than significant impact to all resources areas.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.

- Regional Water Quality Control Board
- U.S. Army Corps of Engineers
- California Department of Fish and Wildlife
- California Department of Transportation
