

Project Description: (please use a separate page if necessary)

The San Mateo County Parks Department and the Department of Public Works (hereafter referred to generally as the County) propose to implement the Memorial Park Wastewater Treatment Facilities Improvement Project within unincorporated San Mateo County, California. The proposed project includes improvements to the existing wastewater treatment system, including replacement of the existing wastewater treatment plant (WWTP), repairs and/or replacement of pipes and manholes, and other necessary upgrades to the system from wastewater conveyance to disposal. Activities are proposed to occur in Memorial Park, which is near the community of Loma Mar, in unincorporated San Mateo County, California. Project construction would occur in phases. Phase 1, which would involve improvements to the WWTP, would begin in 2019 and be completed over an approximately 12-month period. Phase 2 would involve improvements to the wastewater collection system, and would also occur over an approximately 12-month period. The two phases could overlap by approximately 6 months. Construction activities would take place during daytime hours from 7:00 a.m. and 4:00 p.m., Monday through Friday.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
