

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: GP/LCP Update and CAP for the 2019 Resilient Imperial Beach Project

Lead Agency: City of Imperial Beach

Contact Name: Jim Nakagawa

Email: jnakagawa@imperialbeachca.gov Phone Number: 619-6281355

Project Location: Imperial Beach County: \_\_\_\_\_  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

The Imperial Beach General Plan/ Local Coastal Program (LCP) and Climate Action Plan (CAP) Project provides updated policy direction to improve the City's resiliency to sea level rise and climate change while also advancing the City's environmental, economic, and community goals. Further the City's longstanding vision to maintain the City's "small town, quiet, casual atmosphere" while increasing economic stability and improving environmental quality is a major focus of the General Plan/LCP, and CAP. The LCP consists of two parts: A Land Use Plan (LUP) and an Implementation Plan (IP). The LUP specifies the location, type and scale of uses of land and water. The IP ensures that the objectives of the LUP are achieved. The LUP includes updates to the Land Use Element; Mobility Element; Conservation and Ecotourism Element; Parks, Recreation and Coastal Access Element; Safety Element; and Design Element. The CAP establishes a roadmap for the City to meet the 2020 and 2030 GHG reduction targets and become a more sustainable, adaptable, and resilient community. The Project emphasizes long-term collaboration at all levels of government, the private and non-profit sectors, and Imperial Beach residents for successful long-term General Plan/LCP and CAP implementation. The CAP has been developed in parallel with the City of Imperial Beach General Plan/Local Coastal Program (LCP) Update. Additionally, the Project includes a rezone of a salt marsh pond located in the northern part of the City from Urban Reserve to Open Space.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant impacts and no mitigation measures have been identified.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
