Dear Mr. Broussard:

Thank you for the opportunity to review the proposed Tejon Indian Community Center on a 10.3-acre parcel located at the southwest corner of David Road and Wheeler Ridge Road, about 3.5 miles east of State Route 99, in Kern County.

The mission of Caltrans is to provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability. The Local Development - Intergovernmental Review (LD-IGR) Program reviews land use projects and plans through the lenses of our mission and state planning priorities of infill, conservation, and travel-efficient development. To ensure a safe and efficient transportation system, we encourage early consultation and coordination with local jurisdictions and project proponents on all development projects that utilize the multimodal transportation network.

Caltrans provides the *following comments* consistent with the State's smart mobility goals that support a vibrant economy and sustainable communities:

1. Caltrans has no objection with the proposed Community Center.
2. Caltrans concurs that a Travel Development Management (TDM) Plan should be prepared to minimize short-term transportation impacts during special events.

If you have any further questions, please contact Lupita Mendoza, Transportation Planner, at (559) 488-4260.

Sincerely,
