### DESCRIPTION OF NATURE, PURPOSE AND BENEFICIARIES OF THE PROJECT:

Proposed indoor operations will occur 24 hours per day, as needed. Deliveries and shipping/ distribution operations will be limited to the hours of 8:00 am to 5:00 pm Monday through Friday. The operation will employ up to 100 employees, and have a maximum of 80 employees on-site at one time during peak harvest and processing periods. The typical number of daily onsite employees will be 50. All development will consist of tenant improvements inside the existing building. The request is a renewal, with amendment, of a previously issued use permit (UPC17-0002). Permit amendment items requested include: eliminating the previously permitted manufacturing operation; expanding cultivation area from 6,000 to 18,000 square feet of canopy; expanding maximum employee number from 9 to 100; adding Adult Use; and requesting a 5-year permit term.

### REASON WHY THIS PROJECT IS EXEMPT:

The proposed project is categorically exempt from the provisions of the CEQA Guidelines pursuant to the Provisions of Title 14 of the California Administrative Code, Section 15301(a) (Existing Facilities), as an existing facility involving negligible expansion of use in an existing industrial building involving only interior improvements. No exceptions listed under Section 15300.2 apply. There is no reasonable possibility that the project would have a significant effect on the environment.

This Notice of Exemption is filed pursuant to the provisions of Section 15062 of the State CEQA Guidelines.
