  - Statutory Exemption
  - Categorical Exemption [Section 15303]
  - General Rule [Section 15061(b)(3)]

Criteria for Subsequent EIR [Section 15162]

**REASONS WHY THIS PROJECT IS EXEMPT OR DOES NOT REQUIRE FURTHER ENVIRONMENTAL DOCUMENTATION:**

CEQA requires analysis of agency approvals of discretionary "projects." A "project," under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment" (State CEQA Guidelines Section 15378). The proposed Project is a project under CEQA.

The Project is exempt from CEQA pursuant to State CEQA Guidelines Section 15303 (New Construction or Conversion of Small Structures). State CEQA Guidelines Section 15303 consists of the construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The Project includes the placement of two shipping containers to be used as permanent storage on the Project site. The Project site is in an area where all public services and facilities are available and is not environmentally sensitive. No special circumstances exist that would create a reasonable possibility that granting a Minor Conditional Use Permit would create a significant adverse effect on the environment.
